CATHARTIC PILLS

CATHARTIC PILLS

OPERATE by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action. They remove the obstructions of the stomach, bowels, liver, and other organs of the body, and, by restoring their irregular action to health, correct, wherever they exist, such derangements as are the first causes of disease. An extensive trial of their virtues, by Professors, Physicians, and Patients, has shown cures of dancerous diseases almost beyond belief, were they not a stantiated by persons of such exalted position and character as to forbid the auspicion of untruth. The certificates are published in my American beharacter as to forbid the auspicion of untruth. The certificates are published in my American cause of the first of their use in the emplaints which they have been found to cure. For Costiveness, — Take one or two Pills, or a hquantity as to gently move the bowels. Costinues is frequently the aggravating cause of PILEs, and the cure of one complaint is the cure of both. No person can feel well while under a cure habit of body. Hence it should be, as it can be, promptly relieved.

For Dyspersia, which is sometimes the cause of Costiceness, and always uncomfortable, take mild dioses—from one to four—to stimulate the stomach and liver into healthy action. They will do it, and the hearthysm, bodyburn, and soulburn of dyspepsia will rapidly disappear. When it has gone, don't fornet what cured you.

For a Four Stomach, or Merbid Inaction of the Bouels, which produces general depression of the spirits and bad health, take from four to eight pills on going to bed. If they do not operate sufficiently, take more the next day until they do. These complaints will be swept out from the system. Bon't wear these and their kindred disorders because your stomach is foul.

For Schopula, Erystprilas, and all Diseases of the Skin, take the Fills freely and frequently, to keep the bowels open. The cruptions will generally soon begin to dininish and disappear. Many dreafful ulcers a

they do as much good in preventing sickness as by the remarkable cures which they are making every

LIVER COMPLAINT, JAUNDICE, and all Bilious Affections arise from some derangement—either torpidity, congestion, or obstructions of the Liver. Torpidity and congestion vitiate the bile and render it unfit for digestion. This is disastrous to the health, and the constitution is frequently undermined by no other cause. Indigestion is the symptom. Obstruction of the duct which empties the bile into the stomach causes the bile to overflow into the blood. This produces Jaundice, with a long and dangerous train of evils. Costiveness, or alternately costiveness and diarrhea, prevails. Feverish symptoms, languor, low spirits, wearness, restlessness, and melancholy, with sometimes insability to sleep, and sometimes great drowsiness; sometimes there is severe pain in the side; the skin and the white of the eyes become a greenish yellow; the stomach acid; the bowels sore to the touch; the whole system irritable, with a lendency to fever, which may turn to bilious fever, bilious colic, bilious diarrheta, dysentery, &c. A medium dose of three or four Pilis taken at night, followed by two or three in the morning, and repeated a few days, will remove the cause of all these troubles. It is wicked to safter such pains when you can cure them for 25 cents. LIVER COMPLAINT, JAUNDICE, and all Bilious suffer such pains when you can cure them for 25

RHEUMATISM, GOUT, and all Inflammatory Ferers are rapidly cured by the purifying effects of these Pills upon the blood and the stimulus which they afford to the vital principle of Life. For these and all kindred complaints they should be taken in mild doses, to move the bowels gently, but

As a DINNER PILL, this is both agreeable and No Pill can be made more pleasant to take, and certainly none has been made more effectual to the purpose for which a dinner pill is employed. PREPARED BY

DR. JOHN BULL.

SOMETHING NEW AND VALUABLE

The most powerful King on the face of the globe now reigns supreme in the American Republic. The power of the crowned heads of Europe sink into insignificance when compared to our American King.

European kings supley the power vested in them to increase the riches of the rich and lordly, and to reduce to greater missey and degradation, the poor and dependent. our American King goes forth with equal willingness to the lordly mansion and the humble cabin, ready alike to administer relief, and to offer health and happiness to the lofty and lowly, the rich and the poor.

DR. JOHNBULL'S AMERICAN KING OF PAIN

Is the Turrit Worder of the Worde, and the greatest blessing ever offered to afflicted humanity; to the suffering millions, the Doctor can say, relief in at your command. You have only to use this magical remedy. All those who still suffer, and will not accept the proferred Baim, deserve not the pity of their families.

This wonderful medicine, during the brief period since its introduction, has carried happiness to the hearts of thousands, and made life a charm to many who heretofore regarded it only as a painful and miserable existence.

thousands, and made life a charm to many who hereldfore regarded it only as a painful and miserable existsince.

To the winds with all Liniments, Embrocations, Pain
Killers, and Pain Extractors, and let millions of glad
tongues proclaim the merits of the great "American
King of pain," a preparation composed solely of regatables and roots, produced by America's own rich and
bounteous soil.

We would ask the Ladies, who are always competent
judges of what is and what is not a valuable family medicine, to do no a special favor by giving the King of Pain
a single trial, and if satisfactory, exert their influence
in its behalf, recommend it, speak well and often of it,
and see that it is used by their afflicted neighbors. The
Ladies are always charitable, and when they induce their
suffering friends to use this really valuable medicine,
they will be doing an act of benevoince that they can
well be proud of. This is a powerful and truly magical
remely for all external discusses, sorus, swellings, burns,
&c. and for many internal afflictions is a certain cure,
yet it is perfectly harmices, and incapable of producing
the least injurious effects in the most delicate cases or
the steakest constitution

It is entirely meless to follow the old and worn-out
system of publishing to the public thousands of certificases of wonders performed by this medicine. It costs
but twenty-five count to try it, and Dr. Bull stakes his
well carned reputation on the King of Pain doing all
and more than he claims for it.

We would sike to drive them away as soon as possible,
then use

"BULL'S KING OF PAIN."

Would you be cared almost immediately of lowel

Would you be cured almost immediately of Bowel complaint, Dysentery, Summer Complaint, Cholera mor-us, Uramp, Colic, Head Ache, Tooth or any other ache r pain, the remedy is simple and the cure certain. USE THE GREAT KING OF PAIN.

Would you have your Sores, Swellings, Cuts. Burns, Scalds, Bruises, or any other wounds healed, we repeat it, use the MAGICAL KING OF PAIN. Would you be cured of Scald Head, Stiff Joints, Sore Throat, Neuraigia, Sore Breast, Lumbago. Tetter or Ring Worm, Sait Rheum, Bires of Pulsonous Insects, thapped Hands, and all other Sores, either dry or running, we say again and again tou i angate is Dr. John Bull's

"KING OF PAIN." Would you be cured of King's Evil, Cancer, Tumors, Eruptions, or any disease of the Skin caused by impure blood, then use Br. John Hull's Sarsaparilla internally, and the King of Pain externally, nothing can be more certain than a speedy and effectual cure.

It is a remarkable fact, that among the hundreds of

Powders.

It is a remarkable fact, that among the hundreds of eminent physicians who have examined the recipe by which Bull's Sarsaparilla is prepared, not ane has condemned it, but all approve it, and commend it is the highest terms. Many physicians express themselves strougly in the belief that it is decidedly the best preparation of Sarsaparilla that has ever been placed before the public. Although there are many physicians who feel a reiuxtance to having their names appended to the recommendation of any particular remedy, notwithstanding they may approve of it in the highest degree; there are others who frankly yield their support in favor of a remedy which they know is capable of doing so much good in an afflicted community. As an evidence, read the following from old and respectable physicians, of high standing in the community in which they live.

TESTIMONY:

IC Testimony like the following renders superflous all comments on the efficacy of Bull's Sarsaparilla. From Br. L. P. Yandall, Professor of Chemistry in the Lonisville Medical College: I have looked over the list of ingredients composing John Bull's Extract or Sarsaparilla and have no besitation in daying that they form a safe compound, and one that promises well in chronic discusses, to which it is applicable. L. P. YANDALL M.D. Louisville, June 6, 1848.

What Dr. Pyles, physician by appointment to the Louisville Marine Rospital says of Buli's Sarsaparilla: Louisville, March 20, 1849.

I have examined the prescription for the preparation of John Buil's Sarsaparilla, and I believe the combination to be an excellent one, and well calculated to preduce an alterative impression on the system. I have used it both in public and private practice, and think it the best article new in use. M. PYLES, M.D. Resident Physician Louisville Marine Hospital

Better testimony than was ever offered in favor of any nedicino. Rev E. W. Schon — Rev E. Stevenson: LOUISVILLE, May 20, 1849.

We have used John Bull's Sarsaparilla, and have known it to be used, with entire satisfaction; and we have no hesitation in stating our belief that it is a safe and valuable medical compound, and calculated to produce much good and relieve much suffering; and therefore would cheerfully and most earnestly recommend it to the afflicted.

E. W. SEHON, E. STEVENSON.

We would earnestly invite all persons who are suffering with any of the ills that flesh is heir to, to call on Dr. John Buil's agent and get a copy of Buil's Family Journal gratis; and for the eake of humanity we host that a single individual will not be found unwilling to give Buil's Saresparilia a trial after reaching and recollecting, at the same time, that it is impossible for the Doctor to publish the tenth part of the number of certificates of astounding cures performed by his Saraparilla. The amount of testimony voluntarily showered on Dr. Buil's Saraparilla, from well known and distinguished individuals, both in public and private ifs, has been perfectly overwhelming.

Premium Wheat Fans!

THE undersigned would respectfully inform the Farming public and all others interested, that they still continue to manufacture A. L. Thurber's Improved Fremium Wheat Fans, at their old stand in Philadelphia, Tenn., and have also established shops at Cleveland, Tenn., and Dalton, Ga., where they will be happy to wait upon their old friends and as many new ones as may desire their maclines.—
These Fans are an improvement upon the "L. T. Grant Fan," by Mr. Thurber, who was the inventor of the Grant Fan. These Fans have received premiums where large numbers were on exhibition, in various States of the Union, to wit:—In New York, where there were over fifty competitors for the premium, and in Ohlo, where there were thirty contending for the same. Virginia, Pennsylvania, North Carolli a, and the Middle Division of the State of Tennessee, have acknowledged the superiority of these Fans by awarding premiums, at their respective Fairs, to the proprietors.
These Fans edgoy unrivalled reputation wherever they have been used, for their superiority of construction, and the rapidity with which they perform their work—heing able to clean one bushed per minute—and removing everything that could be accomplished by Smut Machines. One of these machines was timed and tried at Joseph Jones', near Philadelphia, Tenn., the result of

Look out for Squalls!

WE have sold out our stock of Goods to James Crissver and David Cantskall. Thankful for the liberal patronage beretofore extended to us, we solicit a continuance of the same to the new firm.

Our old cumstomers will now see the propriety and necessity of squaring up their accounts—some of whom have not paid us a dine in three years! It would be quite gratifying to our feelings to wait with them a few years longer, but having long since exhausted our private capital, and not having "struck copper!" we shall be compelled to force collections in a very short time, if they are not voluntarily made. We have no desire to press our customers or put them to cost, and those who prefer it can come forward and confess judgment. Those who neither pay up nor confess judgment, must not be offended if we sue them, more especially after hilling indulged them so long. And we hope they will not put us to the trouble and expense of hunting them up, but that they will come forward like clever fellows, square up their accounts, and continue to trade with the new firm, who are first rate fellows, have a very fair stock on hand, and in a few days will be expecting New Goods.
